

COMBINED SEWER CLEANER CAP COMBI 2600 CL 6X4

In partnership with

Keep Operations Running

- ✓ **Australia's most popular 6x4 drain cleaning unit.**
- ✓ **The Cap Combi 2600 CL sets the performance benchmark for drain cleaning/hydro excavation in the market**
- ✓ **All stainless steel construction, high legal payload & easy operation**

APPLICATION:

1" Drain Cleaning

Hydro Excavation

6" Liquid Vacuum Recovery

GPT/Pit Cleaning

SPECIFICATIONS:

Model	2600 CL
Chassis	Volvo FE 6x4
Power (hp)	320
Emissions	Euro 6
Wheelbase (Euro)	4200mm
Turning Circle (kerb to kerb)	17100mm
Overall Length	9050mm
Height	3830mm
Payload	6,00kg
Sludge Tank	Stainless Steel/Corten Steel
Water Tank	Stainless Steel/Corten Steel
Sludge Tank Cap. (lt)	6,000
Water Tank Cap. (lt)	5,000
Vacuum System	Hibon 820, 2,822m ³ /hr (1661 cfm) max. vacuum 95% (29"Hg)
Filtration	Stainless steel cyclone with automatic cleaning function
Suction Hose	150mm overhead hose retractable x20m
Overhead Boom	4.3m reach 270 deg rotation
NDD Pump	17ltrs/min @ 280bar
NDD Hose Reel	60m x 1/2"
Remote Control Operation	Yes
Internal Sludge Tank Flushing	Yes
1/2" Drain Cleaning Capacity	Yes
